*An administration fee of HK \$500 is applicable for each non-ISF student per registration. Parents may select one or multiple camps in one registration.

The Pre-School Summer Camp program offers a variety of activities for children three to five years of age.

In addition to drama-based language camps taught by experienced ISF teachers, the school also offers co-curricular activity (CCA) camps taught by outsourced CCA instructors. The CCA camps help children explore their interests and enhance their knowledge and skills in areas such as science, technology and engineering, chess, cooking, Wushu, gymnastics, visual art, music, drama and other sports.

Students who join both the morning and afternoon sessions may bring their own lunch to have at school. School bus services will be available.

Course Description

(Provided by the respective service providers)

Language Camp

The drama-focused language camps are taught by experienced ISF teachers and fully immerse the children in either Putonghua or English. Themes are set each week to integrate learning from different subject areas. The language camps aim to enhance children's speech, creativity and imagination, whilst developing their social skills and self-confidence.

(The ISF Pre-School)

Art & Performance Camp

Explore the worlds of music, dance, singing, and arts and crafts in these fun-filled themed camps that bring out the creativity in your child. Budding performers learn about aspects of stagecraft, and create exciting props and artworks to use on stage and at home.

(Kids' Gallery)

Five-Step Boxing with Student Rules (Wushu)

The regulation of International martial arts states that five-step boxing must contain three basic martial arts techniques and five basic steps, therefore it is called five-step boxing. We simplified and combined it with Student Rules of Confucion Analects for children to learn about good daily habits, establish a strong will quality through martial arts, and understand the basic movements and true meaning of Wu Shu.

Impressionism Color

Children have very clear sensory perceptions and everything they feel can leave a direct impression in their brain. At this stage, they are also attracted to vibrant colors such as red and green; therefore Impressionism can inspire children because of its powerful use of colors. By appreciating arts from impressionist such as Van Gogh, students can develop their unique sense of aesthetic and draw out their imaginations.

(Shirley's Art)
