Week 4 HK\$ 1,475
3:00 - 4:00 p.m.

Are you ready for an electrifying journey through the Earth and back? Welcome to Powerful Planet where children investigate alternative power while they construct an Energy Racer. These lessons not only teach the science behind an electric car in motion, but the importance of choosing clean, renewable, alternative energy sources.

In the camp, the children experiment with different kinds of energy and attempt to extract forces to get their projects in motion. Children discover a world full of clean, renewable energy and learn how to use these types of energy in their lives. Throughout the design and construction of different inventions, children learn simple ways to conserve resources around the house.

Kids' Cooking Hub will offer a kids' cooking course ~ "Summer Fun Kitchen". Your kids will learn basic cooking skills through hands-on cooking experience, such as knife skill and use of different kitchen equipment. Kitchen safety and hygiene will also be emphasized.

To promote healthy eating habits and develop food knowledge, fresh seasonal ingredients will be used in our cooking.
