Fun Art In Summer (in Putonghua)

This summer, we have meticulously designed a painting course full of fun and creativity for children. Through a variety of colorful activities and professional guidance, children will start from basic doodling and gradually explore the techniques of painting and the infinite possibilities of art. From basic to advanced levels, through multi-media material exploration and art style enlightenment, their imagination and creativity will be stimulated!

Ignite your child's creativity this summer! Our fun and engaging art classes are designed for little hands to explore colors, shapes, and imagination.

Art of Summer (in Putonghua)

Watch them grow up through playful art experiences. Enroll today!

Put on a Show! (in English)

Learn to sing, dance, act and more in this fun and interactive workshop designed to build confidence and creativity:

- Learn drama and presentation skills
- Make costumes, props and set pieces
- Play fun and challenging games to build your performing skills
- Participate in end-of-workshop performance

Theme: Different Theme every week

Get ready for a carnival of creativity! Students will dive into the exciting world of LEGO® by building projects that resemble fun machines and attractions at a carnival! Through this hands-on adventure, they'll explore how simple machines work while having a blast creating and playing with their own amazing inventions. Let the fun begin as they unlock the secrets of mechanics and bring their carnival dreams to life!

STEM- Mechanics in Carnivals (in English)

Tinytots Soccer (in English)

Tinytots is a leading soccer program in Hong Kong for kindergarten aged children. The program is designed to develop children's physical fitness and motor skills, while promoting peer interaction and building their self-esteem! All the activities and coaching are conducted in English within a multinational environment. This offers a total immersion experience providing children the opportunity to practice and gain confidence. Come join us!

Rocketry - Build and launch an Eco-Friendly Hydro-Rocket! Get pumped up for some space exploration! Using the power of air pressure and water, launch your very own rocket over 100 feet into the air. Build your own space station and learn about the outer and inner planets and the many stars around us.

Science Adventures (in English)

Toyology - Science has never been so much fun! Take play to the next level as we explore the science behind some classic toys. Discover the science of making a "Super-Ball", the physics of tops and the chemistry of a sinking submarine. Imaginations soar as you explore the science of fun.

Fun Phonics (in English)

Our phonics course offers a captivating adventure through the world of letters and sounds. It reinforces letter and sound recognition, the blending of sounds, so as to increase confidence in reading. According to studies, emphasizing phonics instead of memorizing entire words enhances brain activity in the reading center.

Kids' Cooking Hub will offer a kids' cooking course ~ "Summer Fun Kitchen". Your kids will learn basic cooking skills through hands-on cooking experience, such as knife skill and use of different kitchen equipment. Kitchen safety and hygiene will also be emphasized.

Summer Fun Kitchen (in Putonghua/English)

To promote healthy eating habits and develop food knowledge, fresh seasonal ingredients will be used in our cooking.
