

2026 Summer Camp

Join us for fun learning at The ISF Pre-School this summer! We have programs for language enhancement, social development and fostering various interests.

Week 1 June 15 to 18 (4 days)

Week 3 June 29 to July 3 (4 days)

Week 2 June 22 to 26 (5 days)

Week 4 July 6 to 10 (5 days)

Language Camp (20 students per class)

Enhance your language skills whilst exploring a different theme each week in our language-rich environment. The three-hour program is balanced with active and quiet activities for optimal second language acquisition. Camp hours are from 9:00 a.m. to 12:00 noon. **Limited school bus service is available.

Week 1 HK\$2,640 (ISF student)
HK\$3,000 (Non-ISF student)

Week 3 HK\$2,640 (ISF student)
HK\$3,000 (Non-ISF student)

Week 2 HK\$3,300 (ISF student)
HK\$3,750 (Non-ISF student)

Week 4 HK\$3,300 (ISF student)
HK\$3,750 (Non-ISF student)

Lunch arrangement

Students who registered for both a morning language camp and an afternoon CCA camp are entitled to have lunch on campus. Camp hours are from 9:00 a.m. to 4:00 p.m.

Lunch can be brought to school with student in the morning or dropped to school during designated times.

2026 Summer Camp

CCA Camp (12 students per class)

Every afternoon, there will be a three-hour combination of various interesting activities such as science, art, music, or dance. Students can choose combinations based on their preferences. Each combination includes two to three activities, and individual activities cannot be registered separately. The interest camp will run from 1:00 to 4:00 p.m. This CCA Camp is led by instructors from ISF CCA teachers.

**Limited bus service is available.

Fun Art In Summer

(in Putonghua)

Summer fun art centers on easy creativity, blending nature and life. With graffiti, handcrafts, printing and more, it lets kids unleash inspiration in summer vibes, feel art's joy—no age or skill limits, just meet art's beauty in the colorful summer

【Summer Art Wonderland】is here! 🎨

Tailored for toddlers aged 3-5, our program sparks creativity and fine motor skills through color mixing, collage, and clay sculpting. In our safe, small-group setting, little ones can freely explore the magic of art through tactile play. Let your child's imagination bloom this summer!

Summer Art Wonderland

(in Putonghua)

Put on a Show!

(in English)

Learn drama and presentation skills
Make costumes, props and set pieces
Play fun and challenging games to build your performing skills
Participate in and end of workshop performance

Suggested theme(TBC) : Alice in the wonderland, Jungle book , Trolls or Monster Inc

Get ready for a carnival of creativity! Students will dive into the exciting world of LEGO® by building projects that resemble fun machines and attractions at a carnival! Through this hands-on adventure, they'll explore how simple machines work while having a blast creating and playing with their own amazing inventions. Let the fun begin as they unlock the secrets of mechanics and bring their carnival dreams to life!

STEM-Mechanics in Carnivals

(in English)

Once Upon a Musical (in English)

Jump into the enchanting world of fairytales and bring classic stories to life in Once Upon a Musical! In this magical course, students will create their own original musical adventure, inspired by beloved fairy tales like Frozen, Cinderella, and more. Through a blend of singing, dancing, and acting, students will explore iconic fairytale characters and themes, developing their own stories and musical numbers. They'll collaborate to create scenes, develop characters, and express themselves through performance, all while learning the essential skills of musical theatre. From magical princesses to heroic adventurers, our Fairy Tale Adventures workshop is the perfect way for young performers to explore the world of storytelling, creativity, and stage performance in a fun, dynamic environment!

Young scientists will explore exciting experiments that spark curiosity and deepen understanding of science. Students will build models, mix chemicals, and explore physics and biology through hands-on activities. Guided by friendly instructors, they'll learn step by step while discovering key scientific ideas.

STEM: Super Science Lab (in English)

The course helps develop scientific thinking, observation, and problem-solving skills, making learning science enjoyable and inspiring.

Go Beginner Class (in Putonghua)

This program is taught by a team of Expert Go coaches. Children learning Go chess not only enhance their thinking abilities and concentration but, more importantly, build good character, learn from errors and challenge themselves, cultivating an environment of fair play.

Hey kids and parents, get ready for an awesome adventure at our Kindergarten Summer Camp! We're going to unlock the secrets of light and sound waves in the coolest way possible. Imagine this: you'll be like mini-scientists exploring how light dances and sound travels in magical waves. With your trusty flashlight, you'll chase light beams and see how they bounce off different things, creating a symphony of colors and shadows. Then, get ready to make some noise – literally! We'll create all sorts of fun sounds and follow their journey from our creations all the way to your ears. It's like music to our science-loving hearts! Join us for a week of fun, discovery, and exciting experiments that will light up your summer and spark your curiosity like never before!

Science Adventures (in English)

Chess (in English)

Welcome to our International Chess Summer Camp specially crafted for kindergarteners, where young minds will step into the captivating world of chess with excitement and fun! Our camp is designed to ignite their interest and plant the seeds for future chess masters. At our camp, the chessboard transforms into a playground where children can unravel the magic of strategy. Through lively games and thrilling challenges, we will introduce the fundamental moves and basic tactics. Our focus is on nurturing problem-solving skills, critical thinking, and fostering sportsmanship, all while ensuring a fantastic time for all participants.

Kids' Cooking Hub will offer a kids' cooking course ~ "Summer Fun Kitchen". Your kids will learn basic cooking skills through hands-on cooking experience, such as knife skill and use of different kitchen equipment. Kitchen safety and hygiene will also be emphasized.

To promote healthy eating habits and develop food knowledge, fresh seasonal ingredients will be used in our cooking.

Summer Fun Kitchen (in Putonghua/English)

A Fun Introduction to Martial Arts (in Putonghua)

Based on children's characteristics of being inquisitive and energetic, this course offers a bridge to the ISF Primary School Wushu lessons. This course follows a martial arts style that combines traditional martial arts concepts with traditional Chinese culture, such as Chinese music, poetry and etiquette. Pre-School children are introduced to basic Wushu techniques and footwork suitable for their age, with the aim to enhance their interest in Wushu in an environment that fosters the Eight Virtues + One. This course enables students to learn Wushu, practice Putonghua, and gain an appreciation for Chinese culture.

Tinytots Soccer is a fun and engaging introduction to soccer for young children. Through age-appropriate games and activities, kids build coordination, confidence, and basic soccer skills in a safe and supportive environment. Our sessions focus on movement, teamwork, and enjoyment, helping children develop a love for being active.

Tinytots Soccer (in English)
